KIDNAPERS CLOSE BY.

Over-Zealous Police Interfere.

Whitla Leaves Ten Thousand Dollars Under Rock in Park.

Waits at Hotel for Boy, But Captors Do Not Go for Money.

Would Stop Search and Pay Ransom If Plan Is Offered.

(ASSOCIATED PRESS NIGHT REPORT.) CLEVELAND (O.) March 21.—The full story of the frustrated attempt to pay over \$10,000 in ransom for the return of Willie Whitla became known today.

J. P. Whitla, the father, was instructed in a letter from the kidnapers to leave the money in Flatiron Park, Saturday night. If no detectives were about the kidnapers promised they would secure the money and deliver the boy safely to the father in a hotel at Ashtabula at 3 o'clock this morning.

Whitla left the money as directed, but the Ashtabula police learned of the plans to pay the ransom and went to the park. The kidnapers are supposed to have seen them, for at 6 o'clock the money was intact and not a man had approached the spot at which it was left.

Whitla had a score of detectives and twenty-three members of the Pennsylvania constabulary in readiness in this city to start a search for the kidnapers as soon as he had recovered the boy. Whitla fears the failure to effect a settlement with him last night will frighten the kidnapers and they will not communicate with him again.

The letter from the captors of the boy came to the parents in Sharon, Pa., on Friday. Instructions were given to the father to leave the money in Flatiron Park, Saturday night, and place the \$10,000, at 10 p.m., under the base of a rock in the park. If the money was obtained by the kidnapers they promised that the stolen boy would be sent to the Smith Hotel in Ashtabula, and that the father would be accompanied by no one when he went to deposit the money.

DETECTIVES HELD OFF. Immediately on receipt of the letter, Whitla called in private detectives in his employ. They wanted to place a decoy package of bills at the designated spot, but Whitla would not agree to this. He finally consented to permit the detectives to accompany him to this city and await his summons to begin a search for the kidnapers.

Whitla left Cleveland for Ashtabula at 8 o'clock. He was accompanied by Detective McCabe. The latter was to act as his bodyguard, but was not to go with Whitla to the park.

In keeping with the promise in their first letter the kidnapers sent a second letter a few minutes after 9 o'clock, addressed to C. A. White, care of the Smith Hotel, Ashtabula. When no one had called for the money half an hour later the clerk became curious and opened the envelope, and Mayor Cook and Chief of Police Laskey were apprised of its contents.

The Mayor ordered all of his police to institute a search for the captors. MONEY IS DEPOSITED.

Whitla left the package of bills in the park promptly at 8 o'clock. He went to the designated spot alone, feeling certain that his compliance with the request of the kidnapers would prove the means of delivering his boy back to him.

Three policemen who had been sent out from the Ashtabula Central Station saw Whitla leave the money in the park. They told Chief Laskey of their discovery and received instructions to remain on guard at the park and capture the kidnapers should they appear.

Whitla returned to the city in the meantime, and had established communication with his captives in Cleveland. They advised him to go to the hotel for his boy exactly at the time set. He promised to observe orders.

Whitla started after his boy five hours later. On the way he was informed that three of their number had been on guard at the park and no one had called for the money. Whitla was overcome at this news. He went to the park to find the package of money undisturbed. During the remainder of the night and all day today the officers searched in vain the country around Ashtabula.

Whitla came to Cleveland and returned later to Sharon.

A man and boy believed to be Willie Whitla and one of his kidnapers, were detained by the police of Ashtabula Saturday night in the hope that by evading the police he would be able to secure the return of his boy unharmed. His presence was

(BY DIRECT WIRE TO THE TIMES.) BERLIN, March 21.—[Exclusive Dispatch.] Soaring like a mighty bird, Count Zeppelin's dirigible airship, the largest in the world, yesterday created a world's record for weight carrying in cruising the sky.

The huge dirigible ascended from its quarters at Lake Constance, bearing Zeppelin, ten aeronauts of the German army and fifteen soldiers. Never before in the brief history of aeronautics has an airship made a successful flight with a crew of twenty-six persons. A great throng witnessed the ascent. The airship rose as majestically as a giant eagle. The flight covered 100 miles, and the dirigible was in the air for four hours.

When the descent was made the military experts were enthusiastic, and unanimously agreed that the record flight brings nearer the practicability of Zeppelin's airships as troop transports. The comparatively great weight carried in the flight also convinced the military men that the airship could with equal facility carry an equal weight of explosives.

Kaiser Wilhelm was officially notified of the record trip and immediately telegraphed his delight at its success. As a result of the trip he will in all probability ask a large appropriation from the Reichstag to build an aerial navy.

The airship which made the record is 445 feet long, with a diameter of 49½ feet. It has three motors, each of 145 horsepower. Its speed is as high as fifty miles an hour. The airship is fitted with wireless, powerful searchlights and cost over \$100,000.

MR. TAFT LEADS PARADE. Marches Solemnly at Head of Admiring Crowd from His Church to the White House.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, March 21.—[Exclusive Dispatch.] It is predicted here tonight that hereafter President Taft will ride to and from church. When Mr. Taft, in a heavy overcoat and carrying an umbrella, came from the White House today he was met at the gate by a respectful but enthusiastic crowd. The President raised his hat, but hurried on to give the idea that Sunday was not the day for such demonstrations. The crowd fell in behind, and the President, accompanied by the secret service men, headed a parade which followed the President all the way to All Souls' Unitarian Church.

Then the President emerged an hour later he found a much larger crowd than the one that had greeted him on his arrival, and a much more respectful one. The men and women of Washington, taking heed only of the calendar which announced this, the first day of spring, and ignoring the fact that it was awfully chilly, had put on spring raincoat. It was almost like Easter. This gaily dressed crowd, following the President to pass through an aisle made by strenuous policemen, fell in behind and accompanied Mr. Taft to the gate of the White House. The President struck into a brisk walk, and the crowd closed up and kept step nicely. Mr. Taft looked straight ahead with a strained expression which indicated that he was going somewhere, and would be glad to get there soon.

The White House automobile driver expected to be on duty next Sunday morning.

RED MAN GOING. WASHINGTON, March 21.—The Red Man is gradually disappearing through the ravages of tuberculosis. To save the Indian race from extinction by this disease and yet lead it into the ways of the white man is the task which officials of the Bureau of Indian Affairs have undertaken.

When the white man undertook the civilization of the Indian, tuberculosis was almost unknown among the reds. Today the Indians are dying at the rate approximately of 1000 per year. Of all the tribes, none seem to be so susceptible as the Sioux in South Dakota. Nearly 1000 members of this tribe were afflicted last year. They live in unsanitary surroundings.

ROOSEVELT BEAMS.

Ex-President is Very Happy in Prospect of His Long-Planned African Trip.

(ASSOCIATED PRESS NIGHT REPORT.) OYSTER BAY (N. Y.) March 21.—Happy in the prospect of his departure Tuesday morning for his long-planned African hunting trip, ex-President Roosevelt was the soul of good humor today at his home in Sagamore Hill, where the members of his family gathered for the final reunion before the long journey to the jungles.

The ex-President took an interest in the preparations for the shipping of his baggage tomorrow for the Ham-burg-American steamship Hamburg. W. Emmet Roosevelt and his family, cousins of the ex-President, and ex-Secretary of the Interior Garfield, called today.

Mr. Roosevelt was up with the sun today, and later walked to church three miles away, accompanied by his wife, Quentin, Archie and Ethel. Rev. Henry Washburn, rector of the church

LOS ANGELES WOMAN DIES OF
TYPHOID IN INDIA.

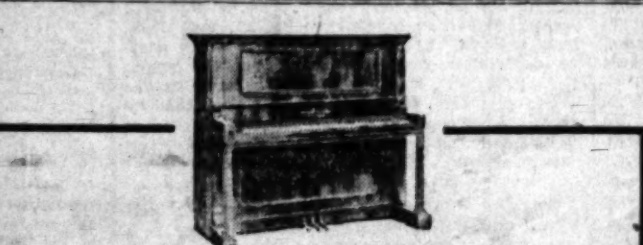

With no Previous Intimation of Her
Illness Cable Brings News of Pass-
ing of Mrs. Grace M. Clark in a
Foreign Land—Letters by Hand
Now Lifeline Continues to Come.

The sad news of the death of Mrs.
Grace M. Clark of typhoid fever in
Bombay, India, comes as a
shock to her large circle of friends
and acquaintances in this city. No
intimation of her sickness had been
received until news of the death was
cabled from Bombay, and the particu-
lars will not be received for about
three weeks.

Mrs. Clark sailed from San Francisco
in October on the steamship Siberia,
for a trip around the world, expecting
to be gone a year or more. Her rela-
tives and friends in Los Angeles have
been receiving the most delightful
travel letters from her, describing her
journeys through Japan, China and
India.

One of the pathetic features of the
sad affair is that letters continued to
arrive, and letters were received yester-
day from Karachi, India, though
the talented woman who penned them
is no more.

Mrs. Clark joined the party of Mr.
and Mrs. J. T. Fitzgerald of this city
in Japan, and accompanied them on
the trip through China. When they
returned here a short time ago they
reported that Mrs. Clark intended to
spend the coming months in Southern
Italy, where she expected to renew ac-
quaintance with a number of musical
friends, who are studying there.

CONTRACT AWARDED.

Pomona Implement Company to Erect Seventeen-Thousand-Dollar Building.

SPECIAL CORRESPONDENCE OF THE TIMES.

POMONA, March 21.—The contract for the erection of the Pomona Implement Company's new building at the northwest corner of Third street and Garvey avenue was awarded yesterday to Wilton Bros. for \$17,125.

The structure will be in the mission style of architecture, and two stories in height with a basement. The plans were drawn by Davis & Higgs of this city.

The funeral of Mrs. Edward Hitchings was held at the family home at No. 1661 North Garvey avenue this afternoon, Rev. J. P. Watson officiating.

Mrs. Hitchings leaves three sons—Eugene of this city, E. W. of New Brunswick and Edward of Colorado.

City Park Superintendent Paige has planted several hundred trees and quantities of shrubs and plants in Ganesha Park.

FEBRUARY CIRCULATION OF THE TIMES.

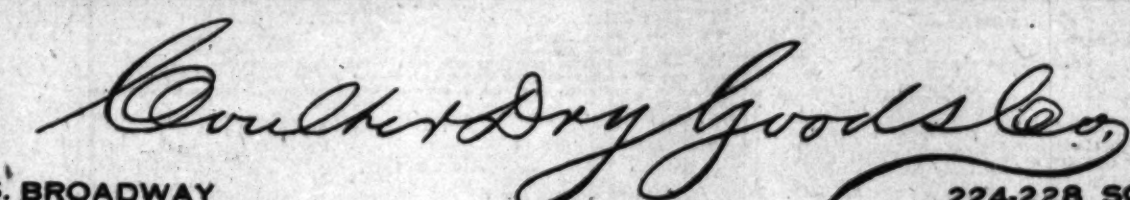

The following are the sworn statements of the circulation of The Times for February, 1909:

Pilisse Parisien 50c

Women who desire to possess a gown that is distinctive will welcome the advent of this charming new material:

Satin striped Pilisse Parisien is its name—it is a perfect reproduction in a mercerized material of a striped fabric ever which Paris has gone wild this season—32 inches wide; showing stripes with a pattern between, which, when pleated into a skirt or whole dress, flares out charmingly in effect. Shown in a good variety of colors, and inexpensive at yard 50c

\$1.50 to \$2.25 Voiles, Eoliennes, Etc. \$1.00

Special prices this week upon a group of lightweight materials that are high in present fashion's favor:

Black and colored voiles, eoliennes, Marquisettes and taffeta weaves; values \$1.50 to \$2.25, for yard \$1.00

Fancy Applique Bands \$1.00 Yard

A handsome assortment of the bands that most dressmakers are using this spring in lavish quantity. Everybody knows that bands are very stylish for trimming this season:

Fancy silk applique bands in all shades; 1 1/2 to 2 ins. wide; your choice, at, yd., \$1.00

Your Easter Suit Made to Measure

The garments turned out by our manufacturers of custom-made suits are exclusive in material, workmanship and faultless fit, yet prices are exceedingly moderate, because we make no charge for piece-work, our profit being a modest one on the materials we sell you:

And we take orders, do all fitting and alterations in an especially fitted-up room immediately adjoining the Dress Goods Section, Main Floor—no running from one floor to another. Made up models of all styles are on display in these rooms, together with goods in the piece, which makes selection both easy and satisfactory.

Suits at \$35.00

We will accept a limited number of orders for suits to measure from blue, black, brown or tan stripes; gray suitings in plain or shadow stripes—three tones; navy suitings in dark, medium and light colors; two-tone stripes; good, serviceable material that we sell the year round.

Coats lined with Coulter's Special satin; workmanship and fit guaranteed; special price, \$35.00, complete.

Cream Serge Suits at \$38.50

Cream serges and panamas, also the fancy stripes that are highly popular; selected patterns, from which we make suits that retail regularly at \$45 to \$48.50; lined with best satin; in several styles; which may be seen in the Reception Rooms; any changes will be charged for extra.

Suits at \$48.50

From real imported suitings in tan stripes, gray stripes, smoke, pastel and old blue; soft, fine weaves which drape very gracefully. Garments lined with the best linings; satin or velvet collars; collarless or men's collar; made from newest designs of best designers; coats 32 to 40 inches long; suits complete, \$48.50.

New Lingerie Dresses

No matter how informal you intend to be this summer, a lingerie frock will come in very handy on more than one occasion. And its cost may be little or much, as you like, for our assortments embrace each extreme:

Dainty little house dresses of striped and figured dimities are buyable for as little as five dollars.

All white lingerie dresses in simple, yet charmingly dainty styles, are inexpensive at \$7.50, \$10, \$12.50 and \$15.00.

And in the higher-priced, because more elaborate frocks, we are showing a diversity of models that we have never heretofore equaled; many of them are finished with real laces, and embroidered in exquisitely fine patterns by hand; these are buyable at prices from \$50 to \$67.50.

Altered, of course, as are all our garments, without charge.

New-Perrin et Cie Gloves Here

The genuine V. Perrin et Cie gloves, known the world over for their beauty of quality and their splendid fit and durability, here in the very styles many of you have been waiting for:

Perrin's twelve-button gusseted arm gloves, backs ornamented with Orleans Point embroidery; in modes, tans, browns, black, white and gray.

Perrin's eight-button mousquetaire gloves, with Paris Point and silk fillet embroidery, in all colors.

Perrin's short gloves in modes, tan, black and white, in all sizes; every pair fitted and guaranteed.

A Blanket Special

Anybody with blanket needs, immediate or prospective, should select today or tomorrow, when a price like this is in force:

Fine all wool, extra large, soft, fluffy, warm blankets; closely woven, two-inch ribbon binding; double stitched; blankets that we sell regularly for \$7.50, on sale \$5.00

Rugs & Draperies for 1909

The importance of this Rug and Drapery Section may be judged when you realize that we devote eighteen thousand square feet of space to the showing of these goods alone:

We have carpets of every description from 35c to \$3.50 a yard. RUGS in all popular sizes, from \$1 to \$60; including many new summer grades.

LINOLEUMS from 55c to \$1.75 a yard.

HAMMOCKS and PORCH SHADES—good the year round in California.

BUNGALOW NETS and awnings and madras, 15c to \$2.00 a yard.

Imported and domestic CRETONNES—the largest line in Los Angeles; 25c to \$2.00 a yard.

Imported and domestic LACE CURTAINS; \$1 to \$50.00 a pair.

COUCH COVERS and PORTIERES; \$1.25 to \$60.00.

A special line of KIMONO and DRAPERY SILKS; 50c to \$1.25 yard.

Silken Hose to Match Fine Gowns

One's costume is sadly out of harmony unless hat, gown, hosiery and slippers harmonize. We can match almost any shade you may have, or if we haven't it in stock, will have it dyed to your order:

Silk hosiery in wistaria, mulberry, coral, peacock, electric blue, Copenhagen, bronze, tans, apricot, Nile, taupe, lemon, gold, apple green, cardinal, Burgundy navy, hunter's green, pink, light blue, lavender, amethyst, champagne, brown, turquoise, light and medium grays.

Girls' Wash Dresses \$2.75

Grace and charm in every line of these dainty little dresses that are to sell for so little today:

Jumper, princess and Buster Brown effects in stripes and plaids; all shades; new styles; for girls of 2 to 14; only \$2.75

MISSSES' WOOL SUITS; THREE-PIECE STYLES. Spring styles with all the appearance of those for grown-ups—three-piece effects, made of light weight materials, in tans, blues, browns and other good shades; handsomely trimmed; gored skirts; \$20 to \$35; alterations free.

New Sweater Coats

College girls, those who attend grammar schools, and any woman who has to be out of doors much of the time, will want to have early selection from these just-received sweater coats, in a number of styles:

Prices begin at \$3.50, for solid colors, trimmed with bands of different shades; others at \$4.00, and a handsome line at \$4.50—in silver gray, cardinal, white, green, navy and brown. Belted-in styles, collarless.

At \$7.50 we are showing an entirely new line—styles that are exceedingly popular in New York at present—manish plain weaves, fastening with brass buttons, in cardinal, hunter's green, white and silver gray.

CHICAGO SOX TOO GLASSY.

Defeat Local Teams by Good Hitting and Fielding.

Pitchers Show Mid-Season Form at All Times.

Hard Batting by Easterners in Every Game.

Although the White Sox ball team decisively defeated both the Vernon and Los Angeles teams the past week in their practice games, they are not a few local fans that think that Berry's men are just as good as the big eastern team. The hope for the past week does not show this, but it does tell the story that the Los Angeles and Vernon pitchers were very much out of line, and not in shape to have against a team of any class. This is the principal reason for the beating given the local club.

In the two games that the Vernon team played Wednesday and Thursday, the Vernons made ten and four hits, respectively, while Chicago made eleven and sixteen, the total errors being seven for Vernon and three for Chicago. In the game with Los Angeles on Friday and Saturday, Chicago made eighteen and sixteen hits, respectively, or a total of thirty-four, while the locals made four and eight hits, or a total of twelve. Los Angeles made eleven errors and Chicago five, so it will be seen that the Sox reserved their victories for their out-bats and outfielded both local teams. The Chicago heavies were very strong, while the local pitchers were wild and easy to solve, and in attempting to stop the bombardments of the easterners, the local players made many errors they probably would not have had with good pitching.

The work of the three teams can be seen by a study of the following tables:

SENATORS WIN.
[ASSOCIATED PRESS WIRE SERVICE] SACRAMENTO, March 21.—It took the Senators twelve innings today to defeat the St. Mary's College boys. Two batters were allowed to score in the twelfth, when Doyle sent a high one to Wilcox in right, and he dropped it. The game was the most exciting seen in Sacramento this season.

Sacramento scored in the first, and St. Mary's in the sixth, when Wilcox sent a homer, pushing in one run ahead of him. In the seventh the Senators tied the score. In the tenth both sides scored.

Score: Sacramento, 5; hits, 9; errors, 4. St. Mary's, 4; hits, 10; errors, 5. Batteries—Whalen, Lilly and Byrnes; Leonard and Simpson.

BIG FANS FLIT.
Charles Conkey, owner of the White Sox ball team, John Burns and John Agnew, Chicago rotters, and Cal Ewing, president of the Pacific Coast League, left last night for San Francisco. These Chicago sports will not return to this city again, but will go east from San Francisco. Ewing's visit was an informal one, and had no particular significance, according to his own statement.

SHINN A SENATOR.
It seems that player Shinn will remain with the Sacramento team, after all that McCredie has said about him. Cal Ewing declared here Friday that Shinn was suspended last year by Portland, and later, McCredie turned him over to the Sacramento team. Ewing says four or five witnesses can testify that McCredie made the transfer.

BOWLING MATCH TONIGHT.
The Makale and Morley bowling teams will play a match of three games on Morley's Broadway alleys this evening, and considerable interest is shown in the outcome of the play. The aggregations are very evenly matched, and some good scores should be registered. The line-up of the teams is as follows: Morley's, Griffith, Simpson, Le'er, Aldridge, Morley; Makale's, I. J. Duffell, Gilman, Oldfield, McNamee.

MAKES NEW RECORD.
NEW YORK, March 21.—George Bonag, of the Irish-American Athletic Club, broke another record last night at the indoor meeting of the Twenty-second Regiment. He ran in a seven-mile race against a relay team consisting of F. G. Beane, Y. A. D. A. Loe, unattached. He covered the distance in 35:32.5, which takes 1 minute and 32.5 seconds off the old record of 36:35.

SUNDAY WRESTLING.
The wrestling match which was to have taken place yesterday at the Chutes Theater between Van Der Pries and Prof. Baker, was postponed until next Sunday owing to the rain.

U.S.C. ATHLETES VERY CONFIDENT.

FOURTEEN athletes of the University of Southern California will go north next Friday morning to engage in two intercollegiate field meets with Stanford and Berkeley. The contest with the Cardinal representatives will be held Saturday afternoon at the Stanford oval, and Wednesday afternoon of next week the final meet will be pulled off with the crack Berkeley squad at California field.

The two meets will mark the only appearance of southern college athletes in the northern end of the State this season, and the performance of the Methodists will be watched with considerable interest by the southern track bugs. The varsity, by decisively cleaning up the teams of Occidental, Pomona and Whittier in both the dual and conference meets held recently has fully established its prestige as the strongest and best balanced track aggregation in the south, and the team as a whole, although not boasting the stars of former years, is probably the best all round aggregation developed in Southern California for years.

The personnel of the local team is not fully decided upon by Coach Cronwell, but will in all probability include the following athletes: Capt. Lennox, Trotter, Roberts, Martin, Burek, Grant, Richardson, Murray, Walter, Hall, Ben Scott, H. Gower, Earl Newmire, P. Martin and either Ward or Goodsell. Coach Cronwell and possibly another of the crack horses whom the students have absolutely refused to account for. He defeated the runner, who was a good runner, and made his debut before he had been.

Local revolver marksmen are very much interested in the outcome of the revolver and pistol competitions that were held throughout the United States during the past week, not only because the sport itself is interesting, but owing to the fact that four local men competed in the contest. It was for the indoor championship at twenty yards, with artificial lights and under the auspices of the United States Revolver Association.

The shooting dates were from March 15 to March 17, inclusive, and experts in twenty-eight cities and towns in the country took part. The conditions were fifty shots per man, five shots to be fired on ten different targets.

Fight Pictures Show Burns in Better Light.

Spectators Hiss When Black Is Shown the Winner.

McIntosh served as announcer of the boxing films which were shown at the Auditorium today. It was an universal opinion that Burns has not received full justice in descriptions of the match, due to the disparity in size. In the last three rounds as Burns came up with his face smeared with blood, but always ready to do his share of the forcing, there were shouts of "Good boy, Tommy," and when Burns was hit by Johnson's right hand, after the police had signaled him to stop the bout, the spectators broke into a storm of hisses, even though Johnson was present at the performance.

toward the broken piling of the old Magnolia-avenue pier, but as she came to the breakers, men waded out to their armpits and passing a line over the craft, dragged her ashore in front of Hotel Virginia. Two or three men leaped aboard as the boat grounded, and attempted to lay claim to salvage, but were promptly thrown over on the beach by the angry owners, assisted by some friends, saved the boat themselves. There was danger of a little battle for awhile, but the claimants finally withdrew.

The launch lies high up on the beach and sunk in the sand, making it impossible to pull her off from the ocean side, so the owners secured a house-mover, who will take the launch to the beach across to the inner harbor by land.

The captain of the Nellie saw the danger going ashore, and started after her, but a line thrown tell short, the rope became entangled in the propeller, and the Nellie had to proceed to San Pedro in a crippled condition.

Capt. Mason, in the Cambrin, was caught by the fierce blast of wind, and his launch swinging down into a valley of water, shipped about sixty gallons into his cylinders, and he had hard work to save his boat.

Capt. Art Paschall nearly lost the Terminal wharf at West Long Beach, where the City of Long Beach waited. The latter broke a line and, drifting around, crushed the smaller boat in under the wharf, tilting it and half filling it with water.

Capt. Billy Graves came along with a flyer and attempted to pull the Eagle out of danger, but was caught in an eddy and found himself in danger of losing his own craft. Fortunately, the music was close by, and with her help, the two launches were pulled to safety.

The storm raged with fury for four hours. The waves dashed twenty and thirty feet high, and the breakers whirled in upon shore with deafening fury. Several rowboats were torn loose from their moorings and scattered along the beach.

This storm was the first since the extensive repairs were made to the outer wharf, but the structure stood as solid as a rock, with scarcely a noticeable tremor.

Rain began falling in earnest about 9 o'clock, and continued until 2 o'clock, when the sun broke out at 4 o'clock the sun was shining.

Assistant Weather Observer Bixby reports a precipitation of .48 of an inch, making the total for the season 16.18 inches, as against 9.66 inches at the same date last year.

DESSERT WIND PLAYS HAVOC.

WORST STORM IN YEARS DOES MUCH DAMAGE.

Hurricane Rages on Slopes of San Bernardino Range, Wrecks Buildings on Mining Properties and Brings Travel to Standstill—Blow Accompanied by Rain and Sleet.

SAN BERNARDINO, March 21.—The worst wind, rain and sleet storm in years swept the desert slopes of the San Bernardino range, Saturday and today. It did considerable damage to timber, wrecked a number of buildings on mining properties, brought desert travel to a standstill and suddenly transformed perfect June weather into the most savage winter kind. The storm began shortly after 8 o'clock Saturday morning, and for several hours a veritable hurricane prevailed.

At the Good Luck mining property the bunkhouse and one bins collapsed, and a Chinese cook had a narrow escape from dying times. The Gold Bug mining group also suffered, a barn and a frame shaft-house going down. Across Appleton gorge, within two miles of this group, the rain and sleet were driving down the mountains.

The heaviest snowfall for the year is reported in the mountains. The snow line is half a mile higher than it was in the winter of 1908. Rain started here at 1 p.m. and ceased about 10 o'clock. In that time .75 of an inch fell, making 14.11 inches for the season. Redlands reports .37 of an inch for the storm, season 12.77; Highland 1 inch for the storm, season 17.10 inches; Colton .75 and 16.18, respectively.

MAKES SANTA ANAS HAPPY.

SANTA ANA, March 21.—[Exclusive Dispatch.] A rain that came at the right time and in sufficient quantity to do a large amount of good, began this morning, at 4 o'clock, and continued until 2 o'clock, when the sun broke out at 4 o'clock, making the season's total 14.11 inches had fallen, making the season's total 14.11 inches.

At times a high wind blew and the water ran through the streets as if in ditches. The heaviest fall came about noon. Peach, apricot and prune blossoms were damaged slightly. The bloom of the apricots, which are a big item in this county, had set suddenly to a crop, and the storm probably saved the growers the work of thinning later in the year.

With the heavy rain, a month or six weeks from now, the bee men will have an enormous honey crop.

Grain that is growing and beans that are to be planted soon will profit by the present precipitation. There will be 20,000 acres of beans on the Irvine ranch alone.

TOWER BLOWN DOWN.

SAN DIEGO, March 21.—During the gale today the tower of the new Tmken building at Sixth and E-streets, was blown down. The tower was a temporary wooden affair, 18 feet high in the middle of the building, which is in course of erection, and was used in handling the concrete.

Some of the planks fell upon the roof of the adjoining Albion building, crushing it and occasioning slight injuries to two persons. Other planks fell to the street, but did not hit anybody. Total damage is only a few hundred dollars.

AT SANTA MONICA.

SANTA MONICA, March 21.—The storm at Santa Monica, Calif., today, was a heavy one, but did not do much damage. The wind was disagreeable and cold, and the rain fell in intermittent torrents. The sea was not visibly affected, al-

though the breakers boomed like great guns. Not any of the piers were injured and the wash along the shore did no damage to property interests. Up to 7:35 p.m., when the storm ceased, the rainfall for the storm had reached .55 of an inch. This makes the total precipitation for the season range from 14.11 inches to a fraction above, depending upon the location of the rain gauge. There is no official observation made at this point for the government. The only records kept are those made by volunteer observers.

HEAVY AT RIVERSIDE.

RIVERSIDE, March 21.—[Exclusive Dispatch.] A heavy rainstorm visited Riverside city and county, today, averaging about .75 of an inch. The precipitation in the city for the day was .48 of an inch up to 6 o'clock, making the season's total 10.99 inches.

The storm at Corona amounted to about .75 of an inch.

For the grain-raising sections of the county, the rain came in the nick of time. Perilla, Menifee and the large surrounding grain areas have been drenched by the generous downpour. There rain fell steadily since 10 o'clock this morning, amounting to about 1 inch. The rainfall at San Jacinto was .48 of an inch. Beaumont and Banning received more than an inch. Heavy snow is falling at Idyllwild and throughout the San Jacinto mountain sections. Indications throughout the county are that the storm will continue through the night.

GALE AT SAN DIEGO.

SAN DIEGO, March 21.—[Exclusive Dispatch.] A wind which maintained a velocity of thirty miles per hour, was this afternoon followed by a heavy rain, which was the second rainfall within the past twelve hours, the first coming at 5 o'clock this morning. A total for the season up to 6 o'clock this afternoon was .55 of an inch, making a total for the season up to the same hour of .81 inches, against 7.81 inches for the same period last year. As the result of warning of the approaching storm, fishermen of the bay front were prepared to take care of their craft. John Edwards, an Englishman, who went out from La Jolla in a small launch early yesterday morning, and who has since failed to return, is accounted of the terrific gale it is feared that he has perished at sea, as it is known at La Jolla that he went out to go to a distance of several miles to fish.

VENTURA COUNTY WET.

VENTURA, March 21.—A strong southeast wind yesterday blew up a storm which struck this section during the night. Over an inch of rain fell at this point, while an inch and a half was registered at Santa Paula and at Porterville. From all sections of the county reports are that the rainfall was heavier than here. This rain swells the season's total to the handsome amount of .25 inches, as against 18 inches last year. This is as great a rainfall for the county as any year for a number of seasons back. The rain was much needed, for despite the great amount of snow on the mountains, the ground top of the earth had crusted, and was hard to work while the hay and small grain crops were ready for the plow, and the hay farmers were frightened at the prospect. Feed in the hills will also be materially aided. The wind is still from the right quarter, and the sky overcast.

MAIL AT SANTA BARBARA.

SANTA BARBARA, March 21.—[Exclusive Dispatch.] Rain that began late last night, continued intermittently throughout the day. Tonight the sky is partially cleared, but the barometer is in the lowest of the season. Rainfall for the storm amounted to 1.50 inches, making a total of 11.50 inches for the season. The storm this afternoon was accompanied by hail, which did some damage to fruit buds.

HEAVY AROUND BAKERSFIELD.

BAKERSFIELD, March 21.—Rain, which brightens the prospects for heavy crops this year, is falling throughout the county. The storm broke last night. The downpour was heavy and by morning the gauge showed a half inch. Much snow fell in the mountains, reaching far down into the hills.

SAN LUIS OBISPO.

SAN LUIS OBISPO, March 21.—Nearly an inch and a half of rain has fallen throughout this region since the beginning of the storm yesterday. Farmers declare it to be most timely. The ground had become hard and dry.

AT SAN PEDRO.

SAN PEDRO, March 21.—In two hours, today, .48 of an inch of rain fell here, making the total for the season 15.41 inches. The wind was in the southeast in the morning but at 6 o'clock, tonight, shifted to the southwest.

LOS ALAMITOS.

LOS ALAMITOS, March 21.—The rainfall for the storm, today, was .97 of an inch and the season's total is now 11 inches. The downpour was hard up to 2 o'clock, when the sky cleared.

SAVES IRRIGATING.

ANAHIM, March 21.—This section was favored with a good soaking rain today which saves the cabbage growers from irrigating.

AT CORCORAN.

CORCORAN, March 21.—Rain began here tonight, and half an inch had fallen, insuring bumper crops of sugar beets and grain.

HIS LEG OR LIFE.

E. R. Thomas, Now in Hospital at Tuxedo, N. Y., Must Decide Between Them.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, March 21.—[Exclusive Dispatch.] E. R. Thomas has been taken to a private hospital at Tuxedo with the alternative of losing his leg or his life. His wife, who since the beginning of his many complex troubles of the last two years, has stood by him like a Trojan, is his faithful nurse.

The present trouble is a recurrence of the complications that followed the injuries received by Mr. Thomas last August when he ran his racing Hotchkiss automobile into a carriage containing Mrs. Hyman Cohen and her daughter of New York, slightly hurting the woman and seriously injuring Daniel Dougherty, their coachman.

Since the accident Thomas has spent much time in hospital. He apparently recovered and took the elegant James Brown Potter home at Tuxedo.

A few days ago it was found necessary to remove him to a private hospital. Two nurses are in constant attendance and aside from the local physicians, the doctor goes daily from New York to attend him daily.

Close friends said today that they feared the patient must lose either his leg or his life.

CHOIR TO GIVE CANTATA.

One of the musical events of the season will be the rendition of "Coven's cantata, "The Maiden," by the choir of the First Christian Church on Tuesday night of this week. George F. Aspinwall, who has for a number of years held a place of director of music in this city, will conduct the chorus and carry the tenor parts.

Mrs. Frances Marie Boynton will make her first appearance in work of this kind although her voice has been heard with pleasure on several different occasions. She has been for some time soprano of the First Christian Church here and is studying with Mrs. Jones Simmons, a Los Angeles teacher.

Mrs. Nuncie Bittman will sing the contralto parts and tender the compliments of appreciation for her work in a number of the largest churches as well as musical production in Southern California.

James Paul Lacey and Harry Cliff Lott, tenor and baritone, respectively, and a chorus of fifty voices will be heard. Rehearsals for the event have been in progress for many weeks.

WATERHOUSE PAPER NOVEL.

"The Challenger" is the name chosen for the political organ of the Waterhouse party, and it makes its first appearance this morning. Editorially the sentiment of the sheet is to lean toward clean politics as long as the opposition is clean, and to set before the public in a clean way the records of the candidate for Mayor, Mr. Waterhouse, and his Councilmen, which sketches appear in the columns of the paper today. It is understood from the position taken that the paper is to work only for the interests of former Mayor Waterhouse and his backers in this campaign, and that such matters as pertain to the records of the two candidates, Mayor Barley and Mr. Waterhouse, are to be fully aired.

Special attention is called to the stamping of the Waterhouse name by an illustration in the paper. The present system of arranging the names of candidates alphabetically calls for a peculiar ending.

VALLEY HUNT CLUB.

The Valley Hunt Club was the scene Saturday evening of one of the most enjoyable entertainments given at the clubhouse during the Lenten season, and there were 150 present. Acacia and greenery decorated the reception hall and in the dining-room, where refreshments were served, the table was ornamented with jonquils. In the ballroom an informal address was given by Ernest de Kovar, lecturer upon "Light of the Arctic Regions," and this was illustrated by lantern slides from pictures taken by the noted explorer himself and members of his party. The subject was made intensely interesting and the descriptions of scenery and life in the Arctic regions were vivid. After the lecture refreshments were served. Mrs. Fred Elmer Wilcox and Mrs. John E. Jardine presiding over the coffee urns. Dancing followed in the ballroom, and some of the older club members enjoyed cards.

Mrs. Lafayette Lamb, who is spending the winter at Little Green, gave one of the elaborate luncheons of the season Saturday in the colonial dining-room of the hostelry. Jonquils and iris adorned the table, the color scheme being further carried out in yellow and violet tulle. Those for whom covers were laid were Misses H. D. Rockefeller, James H. Holmes, G. H. H. W. J. Barton, J. Dawson Boyle, Frank Hixon, George Curtis, George B. Harris, J. E. Carver, George H. Douglas, Joseph Hixon, W. D. Murphy, C. P. Curtis, R. R. Langdon, Artemus Lamb, J. B. Chubb, Woodcock J. R. Stubbs, Philip P. Acton, John Quail, A. L. Seltzer, and Miss Eaton.

The annual Club Magazine, edited by Mrs. Emily P. Webb, assisted by her daughter, Miss Mida P. Webb, made its third appearance Saturday afternoon at the Shakespeare Club and proved of intense interest to the large audience of members and friends of the organization.

Mrs. Webb was of timely interest, and in several instances were clever bits of praise of local people. A bright review of the work done by the club followed. Mrs. Reuel English gave a fascinating sketch of "Mackinac Island," portraying several of the quaint interesting people there. Miss Mida Webb next read an original story, entitled "A Girl in the Bud," which was a strong delineation of character and heroism.

DEPUTYSHIPS TO COME BEFORE LONG BEACH COUNCIL.

City Attorney Has Opinion on Contested Question Ready to Present to the Town's Governing Body. Active in Planning for an Arbor Day Celebration.

LONG BEACH, March 21.—The fur is expected to fly at tomorrow's session of the City Council. City Attorney Long says he has ready the legal opinion asked for several weeks ago relative to the legality of employing deputies and assistants in the various departments of the city.

Councilman Harriman holds that the appointments are violating the State law prohibiting the raising of salaries accruing to the benefits of incumbents, court decisions holding that appointment of deputies constitutes a raise in the salary of an official.

As all appointments of deputies were made with the approval of the City Attorney his report will be to sustain that ruling, to the "Rocky Mountain" and two or three others will except. Harriman has pending ordinances abolishing several deputyships and those which will be given to all citizens for free tree planting.

FOR TREE PLANTING.

Arbor Day will be celebrated at the coming week in Long Beach. Tomorrow members of the city section of the Ebell will attend the public schools and address the pupils on the subject of tree planting. The Ebell will also City Forester Harper of Los Angeles will address a mass meeting at the auditorium and give the results of his analysis of Long Beach soil and what trees will best thrive in it. Thursday will be declared a general holiday and devoted to tree planting. Ebell has secured several hundred trees which will be planted to all citizens who will plant and take care of them.

Church Soloists.

Mrs. Francis Marie Boynton and George Farnell Aspinwall, who will sing in the "Coven's cantata," will be given by the choir of the First Christian Church, Pasadena.

An exceptionally interesting essay upon "Letters," written by Mrs. Webb followed. Miss Louise Crawford gave a sympathetic resume of Van Dyke's "The House of Rimmon," and an original song, "The Swallows," by Mrs. Webb, was sung by Mrs. Lewis H. Sellsbury. A clever touch of humor was the poem, "Setting up a Stove," read by Miss Webb, written by her mother.

At the history section on Tuesday, in the development of the topic, "Mission Legends," Mrs. Bandini will tell of "The Legend of the San Antonio Ranch House," "What Dona Guadalupe Heard in La Cocina," "A Story of Santa Barbara," and "The Indian Folk Tales of Mr. Coyote and Grizzly Bear."

Venice Chamber of Commerce Puts Itself on Record Against Merger of Beach Cities.

VENICE, March 21.—The Venice Chamber of Commerce has placed itself on record as opposed to the scheme for the consolidation of the cities of Ocean Park and Santa Monica, as proposed and advocated by the Chamber of Commerce of Ocean Park. This action was reflected in a resolution that was adopted Friday night, and means that the City Trustees may soon be asked to call an election at which the people may have an opportunity to express their choice relative to changing the name of Ocean Park to Venice. The resolution records the members of the Venice Chamber of Commerce are also opposed to the merging of the school districts, and will endeavor to secure the establishment of an independent polytechnic high school in the Ocean Park district.

HARRIMAN IN THE ROLE OF A

PEDESTRIAN.

Says in San Diego That He Will

Give no Particular Attention to the

Payne Measure Until He Returns to

His Duties in New York—Lemon

and Olive Growers Pleased.

SAN DIEGO, March 21.—Instead

of pondering over the importance of

the new tariff bill as it might affect his

immense railroad interests, E. H. Har-

rissman yesterday spent his time in

wandering about the beach and among

the tropical plants of Coronado, dis-

missing the polo games and tramped

the distance, two miles, from the polo

field to the home of John D. Spreck-

els.

It was purely a day of play for the

railroad wizard, and he displayed un-

usually active in getting around. Es-

pecially in his two-mile walk he dis-

played evidence that he is in much

better health than when he left New

York several weeks ago.

Mr. Harrissman still says he has had

no time to study the Payne measure

and that he will give it no special at-

tention until he returns to his duties

in New York. Through his secretary,

who does his talking while here, he

says he highly appreciates the oppor-

tunity to throw away the cares of busi-

ness responsibility while a guest of

Mr. Spreckels, and that the short time

here has already done him a world

of good. He says he will return to San

Francisco by way of Santa Barbara,

and that he will be in New York by

April 1.

TARIFF BILL PLEASES.

Lemon and olive growers and ship-

pers of San Diego county are highly

pleased with the new tariff bill as it

effects their interests. The increase

in the import duty on these local sta-

ples means that the products will find

a more ready sale in the eastern mar-

kets. D. C. Gifford, one of the largest

manufacturers of olive oil in South-

ern California, said: "There is no

doubt but that the industry in Cal-

ifornia will be benefited beyond com-

parison by the imposing of a duty on

the ripe article as well as the green,

as a great many olive growers are

in bulk from this State to the eastern

markets.

THE CITY IN BRIEF

News from the water front! NEWS AND BUSINESS.

Illustrated Lecture.—The four lectures of the course which Prof. H. R. Sprague is delivering on Monday evenings at the Young Women's Christian Association will be the evening of the continuation and conclusion of the story of "Paradise Lost."

Will Try Again.—Ralph yesterday spoiled the scheduled experiments of S. O. Richey, Leon Benner and Archie Paulson, the young amateur wireless experts. They were to try by means of a kite, to get in touch with the various wireless stations up and down the Coast, and were so far successful as to catch messages from Point Loma. Next Sunday they will repeat the experiment, using a silk kite.

Old Shee as Weapon.—Beaten and bruised with an old shee which he had used as a weapon, Mrs. Sarah Rogers of No. 441 Ruth avenue, came to the Rectory Hospital yesterday for medical treatment. Her injuries are not serious. She claims that her husband, who is now in the city, was much of the time, but last week she was told that he had been killed. She says that when she found him for being so free with his money, needed in her own home, he attacked her, beat her with an old shee and then fled.

Man Giving the Name.—William Eckles, who is alleged to have represented himself as a United States secret service agent, disappeared from the rooming-house of Mrs. Cahill, No. 14 South San Pedro street, yesterday, taking with him a suit case belonging to the landlady, also a gold watch and chain, and a purse containing \$150, belonging to Mrs. M. Phillips. Eckles is alleged to have been a rooming guest of Mrs. Phillips. She says she showed a card which he wore on his coat, and claimed to be a secret service agent. It was learned the man had been employed as a nurse.

It Was Raining, Too.—A broken umbrella was the cause of a fierce battle yesterday, between two Chinamen in the Chinese quarter, which resulted in both being arrested on a charge of disturbing the peace. In Louis left his umbrella in the shop of Ah Fung, and when he went to claim it he found the proprietor had used it and that it was broken. Ah Fung demanded that he be reimbursed and promptly knocked the headstrong man down when he refused. In the battle that followed the umbrella was completely demolished and only the appearance of Patrolmen Browning and Ervin ended the fight.

For Veterans of Order.—Veteran Odd Fellows will have a banquet at Hamburger's Cafe, April 1, which will be attended only by members of the order of over twenty years' standing. The menu is dubbed "Good Will," after the oldest lodge, and its items named after the various lodges to be represented. Enterprises, Magnolia, Orange Grove, Rakers, Acma, V. O. U. A. Atlas, Los Angeles, Paloma, East-Tropic, Aris, Chaparral, Earlyview, Columbia, America, Fraternity, East Side and West End lodges are all expected to send a delegation to the affair. The principal speakers will be Rev. Will A. Knighten and ex-Judge Ballard. Music will be rendered by the Lyceum Orchestra.

News Received of the Death of Henry C. Fryette by His Children Here.

Wallace Scott Fryette of No. 129 North Boylston avenue and his sister, Mrs. Rose Berman, who lives with her daughter, Mrs. W. A. Baker, No. 183 West Adams street, were notified yesterday of the death of their father, Henry C. Fryette, at his home in East Liverpool, O. The funeral will be tomorrow and burial in Riverside Cemetery in that city.

Henry C. Fryette was 75 years old, and his death had been expected for some time. His wife is a famous actress, having studied under Sir John Reynolds in England. The son, Wallace, is an architect at his home in Los Angeles water department.

LIGHT BREAKS FAST IN CHINA.

DAWN OF LEARNING TOLD BY Y.M.C.A. SPEAKER.

Oriental Scholar Occupies High Place Among Those of the World, He Says New Ruler of Empire Has Absorbed Much of Eastern Thought and Modern Customs.

Encouraging from a missionary standpoint, was the address of D. Wilbur Lyon at the Y.M.C.A. yesterday afternoon. The speaker recently returned from China, where he has passed fourteen years in association service. In the course of his remarks Mr. Lyon declared that Americans rarely appreciate the intellectual abilities of the Chinese, but that the Oriental occupies the first rank among the scholars of the world.

"A great general movement has been going on in China," said the speaker. "It has been preparing the nation to occupy a prominent place among the world countries. With the Prince Regent in power, prospects are brighter than ever for a new China. He is a progressive ruler, and one of the ablest men in the empire. It was he that was sent to Germany to apologize for the killing of the German Ambassador at the time of the Boxer outbreak. While in Europe the Prince absorbed much of the eastern thought and closely observed the manners and customs of modern nations."

"The movement for a constitutional government is gaining a strong foothold. The late Emperor promised to grant a constitutional government within ten years. The will do this. The plan is carried on under the Prince Regent. When the people have a hand in the ruling of the country great progress will be made."

Mr. Lyon said that in the past the people lived in isolated places and were ignorant as to what was going on in the world. But the great advance in the system of education is bringing knowledge to tens of thousands of bright Chinamen.

"The anti-opium conference recently held in China indicates progress," continued the speaker. "It means that there is a moral element in the nation that is striving to better conditions. Its best men are looking into the future and are planning how best to carry out the work."

"The social factor will aid in the nation's moral uplift. Paternalism or the high respect that is paid one's father, permeates the whole empire. It particularly accords for the high standards of morality in the home. The people in each community also stand close together in matters of common interest. 'Intellectually China has been awake for centuries. Education is the only key to progress and success. Standards of wealth and family do not count as does education.' Mr. Lyon told of the story of knowledge absorbed by the Chinese students and explained how they are in a receptive mood for Christianity.

He said the missionaries have been a powerful factor in transforming the nation and the American has taken a leading place in helping China. The Young Men's Christian Association was unknown in China when Mr. Lyon was there. He stated that there was considerable prejudice against the association for fear it taught political doctrine, but the association's mission of the organization was known, the speaker said that thousands of prominent Chinamen advocated its establishment. There are now about eighty organizations in China, with about 6000 members, many of whom are Christians. Mr. Lyon described the work being conducted by the Chinese Y.M.C.A. at Shanghai.

DENOUNCES LIQUOR TRAFFIC.

Prohibition Candidate for President in Last Campaign Speaks in Nazarene Church.

Hon. Eur.—W. Chaffin, Prohibition candidate for President during the last campaign, delivered an address at the Nazarene Church, Wall and Sixth streets, yesterday morning. As he entered the pulpit the congregation gave

him a tremendous ovation. He said, in part:

"There are two overshadowing diseases in this country, the great white plague, consumption, and the disease of drunkenness. We prohibit it by drinking from the sidewalks, and it interferes with personal liberty, but it is for the public good and safety. Alcohol is the devil, and the liquor traffic is a traffic in hellfire. I am in favor of prohibiting it, and prohibition will never be entirely successful until there is a political party behind it to enforce the law. Vote for no man for Mayor, or Governor, who is in favor of licensing the liquor traffic."

"I am glad to be in Los Angeles again. Los Angeles county gave the largest vote for the Prohibition party principle in proportion to population of any county in the United States. It is the banner Prohibition party county in the world. I have been in the Prohibition party work for forty-two years, and I expect to remain in it until the liquor traffic is banished from every city, county and State in this Union. I disapprove of any Christian minister or church member to pray and preach for the destruction of saloons and then, knowingly, speak and vote for candidates for office who are openly in favor of licensing the saloon to do business."

At the close of the address, Rev. Dr. Brees, pastor of the Nazarene Church, said: "So far as I know, every member of this church will vote for the prohibition candidate. A vote for rightness is always a victory, and one man with God is a conqueror. As great a meeting as this could not have been still greater had it not been for the heavy rain."

KILLED UNDER GRIND.

ROTTEN STONE, DEATH CRUSH.

MINER, THREE WEEKS WEDDED, DIES IN TUNNEL.

Cave-in of Disintegrated Granite Causes Quick Ending of Life of Workman—Hole Timbered to Point Near Where Accident Occurs.

Resulting from a cave-in at the north end of the aqueduct tunnel near Lancaster, about noon Saturday, Garnet W. Rickard, aged 38, a miner, was instantly killed and three companions, one of them Ross Rickard, his brother, were slightly injured.

Garnet Rickard had been married only three weeks. His home was at No. 1300 West Jefferson street, this city. The body was brought to Los Angeles yesterday. The funeral will take place at Brees Bros. undertaking establishment Tuesday at 10 o'clock a.m.

The accident occurred where a score of men were at work, the afternoon shift having just come on duty. The tunnel was timbered up to within fifteen feet of the head where Rickard was and danger was anticipated. From some cause unknown a ton of rotten granite on the face became loose and tumbled down directly on the victim. Only three other men were near enough to be hit by the falling debris. As the great mass of rock fell it scattered and little difficulty was met in extricating the body of Rickard, who was crushed to death.

FULL REPRESENTATION.

Delegates to Convention of Fraternal Brotherhood Coming from Many States and Territories.

G. A. Castello, of San Francisco, Supreme Sergeant of the Fraternal Brotherhood, is in the city at Hayward. He stated last night that the coming convention will be an important one.

"We have much business to transact," said he, "particularly in relation to certain changes in the laws. The order is growing so rapidly that the laws must be modified in some respects. Shifting the headquarters of the brotherhood has spread into fifteen or more States and Territories. There will be delegates from all sections, where the organization has representation, at the convention."

The supreme officers have a business session today. Tomorrow the regular meeting opens at 10 o'clock in the Fraternal Brotherhood building, 219 Figueroa street. The session will last for several days. Supreme President Foshay will be in charge.
